CAST CONSTRUCTION:

ANGEL'S REST HIKERS HAVEN BATHHOUSE

“I have been told numerous times that our bath house is the nicest on the Appalachian Trail.” “Hiker's purchase day passes from us and many have commented how the shower alone was well worth the price of the \$5 day pass!”

-Pippa R. Chapman, DC (“Doc Peppa”)

SHELTER ALTERNATIVES:

POTTER

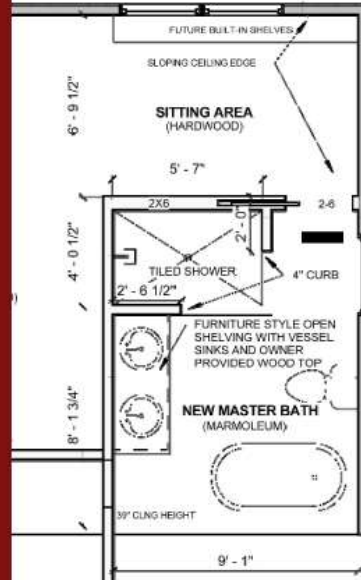

“Thanks to all for the care and attention to quality you put into our renovations.
We love the way it turned out.

-Peter Potter

SLATE CREEK BUILDERS:

GABRIELE

At one point, I remember talking to them, ready to give up and change our design because we weren't finding the tiles we envisioned for the shower. They talked me out of changing our plans, and kept searching until they found exactly what we were looking for! They were patient and persistent, and the end result is an absolutely stunning bathroom that brings a smile to my face whenever I walk in!"
